

List in order of importance the structural changes to the building most important to you.

1.

2.

3.

How do you see us using the building to promote congregational growth and fulfilling the spiritual needs of the congregation?

What are your thoughts on opening the building to outside organizations and, if yes, to what extent?

How would you utilize the former classroom (Sunday school/nursery) area? the undercroft?

Would you agree with restricting certain areas of the building for the congregation only?

Do you favor a flexible floor plan or one with designated areas with permanent walls?

What, if any, changes would you like to see in the Fellowship Hall/kitchen area? the worship area?

What are your thoughts on the choir room and its use?

Do we need a library or study/quiet room?

How do you see the Chapel being utilized?

How do you see the third floor being utilized (former Sexton's apartment)?

Please feel free to add any other thoughts/suggestions that you feel were not covered by the questions listed above.
